LG OLED Self-lit

LG Hospitality TV is unique thanks to its self-lit technology. Millions of OLED pixels come together to deliver the next level of TV. Enjoy the deep black, the rich colors and the vivid picture quality.

Pro:Centric Cloud

Pro:Centric Cloud improves the usability of enterprise's CMS solution and cloudification of system, reinforcing the service of 3rd party solution. It also offers various design templates, improving data collection and analytics platform with an eye-catching dashboard.

Pro:Centric Direct

The hotel content management solution Pro:Centric Direct offers easy and simple editing tools, making it easy to perform service and IP network-based remote management with a single click. The Pro:Centric Direct solution enables users to edit their interface easily by providing customized interface and efficiently manages all TVs in the room. The latest PCD version provides IoT-based in-room control which will be your starting point to prepare for the suites of next generation through artificial intelligence.

* Some features may not be supported based on PCD versions.

More Innovative LG webOS22

Explore the latest webOS22 of LG Smart TV features, and discover TVs that deliver innovative technology and remarkable clarity with vivid colors. Newly added Always on Display and Game Optimizer functions allow you to enter the new visual excitement.

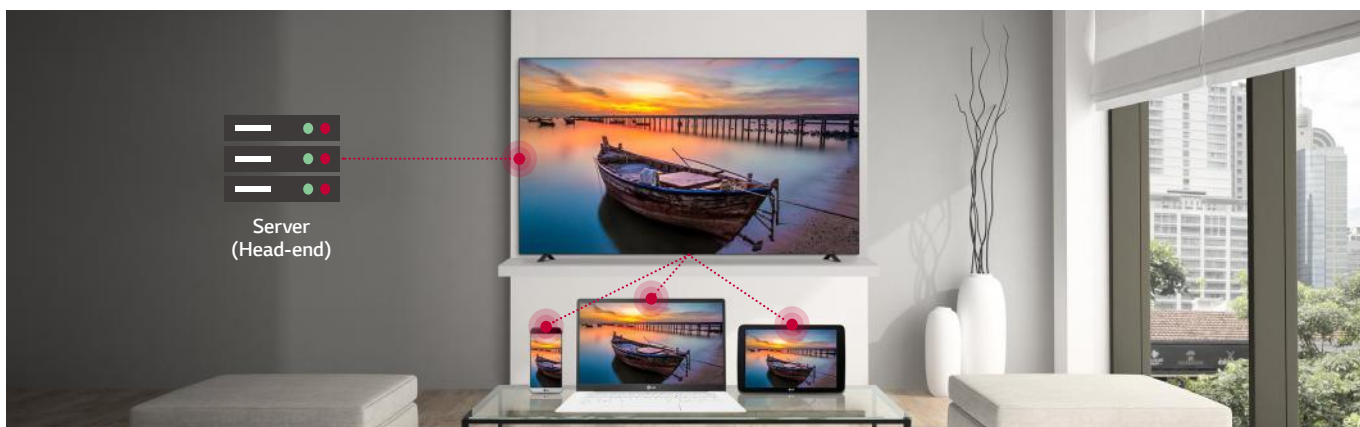

Always On Display

Black monster TV turns into live screens with clock, art pieces or even display your own images.

Game Optimizer

LG Game Optimizer will get you and keep you in the action through selection of game mode, picture adjustment and etc.

SoftAP

Software-enabled Access Point (SoftAP) is a "virtual" Wi-Fi feature that uses TV as a wireless hotspot, enabling guests to connect their own devices to the SoftAP. It supports Bridge Mode, allowing administrators to manage in-room SoftAP information such as signal level, SoftAP passwords, etc.

* SoftAP should be set in the installation menu after the TV is turned on.

* Screen Share may not be operated at the same time.

* All images are for illustrative purposes only.

Pro:Idiom

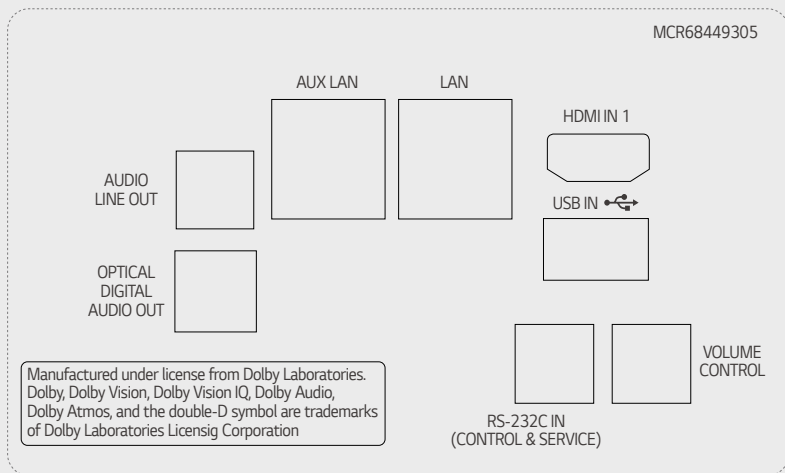

Digital Rights Management (DRM) technology provides access to premium content to help assure rapid and broad deployment of HDTV and other high-value digital content.

* All images are for illustrative purposes only.

CONNECTIVITY
